Wrapping and Cushioning with a Single Product

AIRplus® Cushion Film

is a cost efficient
packaging solution that

can serve
several protective

functions within
the same package

- it's strong enough to wrap,
cushion and protect your

products and light weight enough

to serve as a void fill.

AIRplus® Cushion Film, A Universal Packing Material

- 400 mm wide x 450 metre long roll has 28,800 air chambers
- Perforated every 250 mm for 1,800 cushion segments per roll
- Each 400 mm x 250 mm segment contains 16 air chambers
- Vertical and cross seal pattern offers flexible wrapping characteristics
- Produced on demand at the packaging table

AIRplus® by **STOROpack**

AIRplus® Cushion Film can be produced on the AIRplus® Excel machine or the AIRplus® Mini machine with the simple addition of a longer roller guide.

AIRplus® Mini machine with a longer roller guide
